

2030

Links ECTP with National TP's

Meeting October 15th

Elżbieta J. Syrda

EUROPEAN
COMMISSION

Community Research

Construction European TP (i)

- **At EU level a key role to reduce the complexity:**

- Set up links & new participation in ECTP
- Improve the awareness of the ECTP at National level
- Collaborate for the ECTP, vision 2030, SRA & roadmap
- Promote the creation of new National TPs (best practices)
- Disseminate the ECTP Outcome within all MS
- Involve & represent National authorities in the ECTP

Construction National TP (ii)

- **At National level a key role for a real impact:**
 - Set up links with regional & local stakeholders
 - Improve the involvement of SME's (drivers of innovation)
 - Define better a complete list of research needs
 - Implement a dedicated training & education strategy
 - Feedback to ECTP level (ex National Social acceptance...)
 - Identify & involve National/Regional research programme
 - Identify the gaps between National & EU regulations & policies
 - Bring at ECTP level only if there is an EU added value
 - Identify possible National financial support.....

2030

Goals for links with ECTP

- 1. To build ERA for construction from all European countries**
- 2. To build wide participation of all stakeholders and shareholders in construction sector.**
- 3. To exchange the information between ECTP and NP's**
- 4. To build the connection between RIS (Regional Innovation Strategy) and European Innovation Strategy for construction.**
- 5. To create the connection between National Research Programs and European Research Programs for construction.**
- 6. To create the same high standards for quality of life in each European country.**
- 7. To adopt the ECTP solutions in European countries.**
- 8. To promote ECTP on the national levels**

2030

Goals for NP's networks

1. To build the European networks for innovation in construction sector
 - Within industry.
 - Of researchers.
 - Within administration/public institutions.
 - Within financial institution.
 - Of users.
2. To build the clusters and groups of interest for European innovation projects.
3. To exchange the experience and the best practice.
4. To create Trans-National Research Program

2030
